ALMA MATER

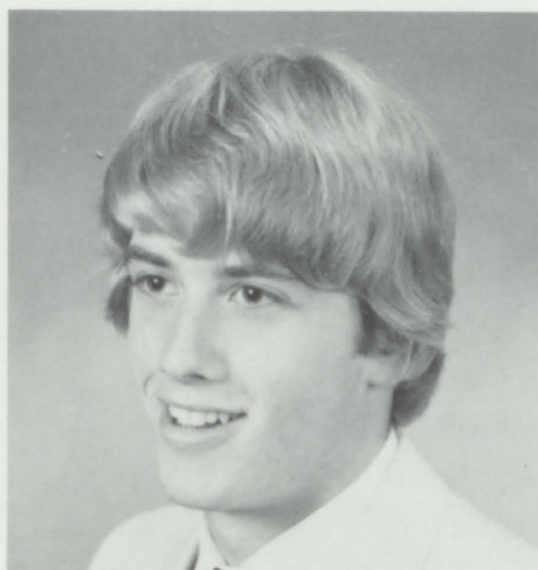

The Green and White

*All, hail our Alma Mater.
All, praise the Green and White.
Bring fame, oh fearless Raiders,
As we face the future bright.
The Green and White we'll cherish
Through years that come and go.
Let all our hearts be filled with pride
For dear old Ramapo.*

To the Class of 1982

Our times at Ramapo have gone by swiftly, but they reflect the most important years of our lives and represent the most precious memories of our adolescence. In the four years of our high school career, we have collected memories as a class and through our own personal experiences. Whether they be from our academic or our social life, these memories are a most precious and cherished part of our lives to be remembered frequently during our adult life. It is true that a yearbook can capture time and preserve our memories, but it is the individual, special memories of each member of the Class of 1982 which make these four years unique and precious to each of us.

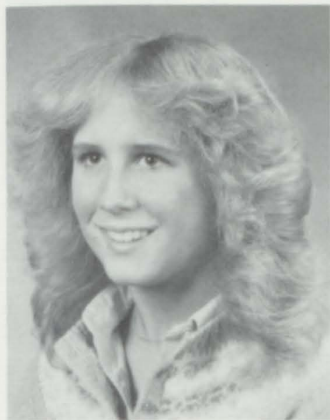

As President of the class for the past two years, I remember with great pride the experiences of this honor. I can remember only the good times I had working on the diverse activities of the class. Without the caring, perseverance, and imagination of the senior class officers and the class officers of the past; the memories I have of this personal experience would be empty and meaningless. Furthermore, a special thanks go to our class advisors, Mr. Robert Sommer and Mr. William Hermann, who have given their time selflessly and have contributed to the memories of each member of the Class of 1982, which make these four years unique and precious to each of us. We spent together and extend the best wishes to all the members of the Class of 1982 in all the endeavors that they may pursue in the future.

Thanks for the best of times.

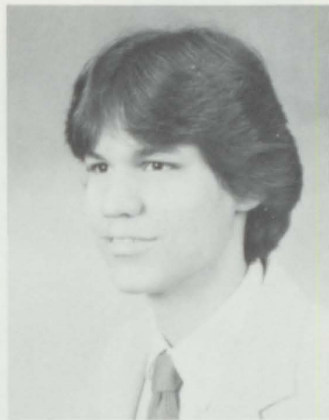

Sincerely,

Paul Mataras

District Administration

Dear Staff of Ad Astra 1982.

In keeping with the theme "Time", I am mindful that the District's birth took place in 1954 when the communities of Oakland, Franklin Lakes and Wyckoff voted to construct a building for its high school students. My predecessor, David Ross, guided the growth of the District until 1966, when he retired and I arrived. His comments and my own experience testify to the satisfaction that attends giving time to high school students.

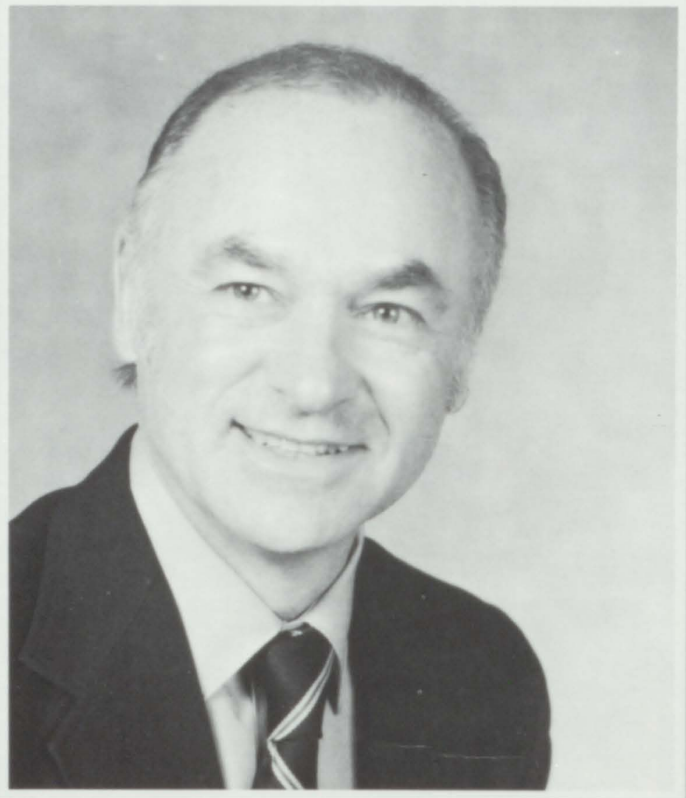

The first classes were offered in September of 1956. That has given the District a quarter-century of graduates, numbering about 15,000. We are proud of those who are currently influencing this world. Some have given us a second generation by sending their children to Ramapo High School.

I am sure that most graduates treasure their yearbooks, and I trust you will also. I am pleased to be associated with the Class of 1982 and particularly commend each who has made this fine publication possible. Only time will tell just how important our shared experiences have been.

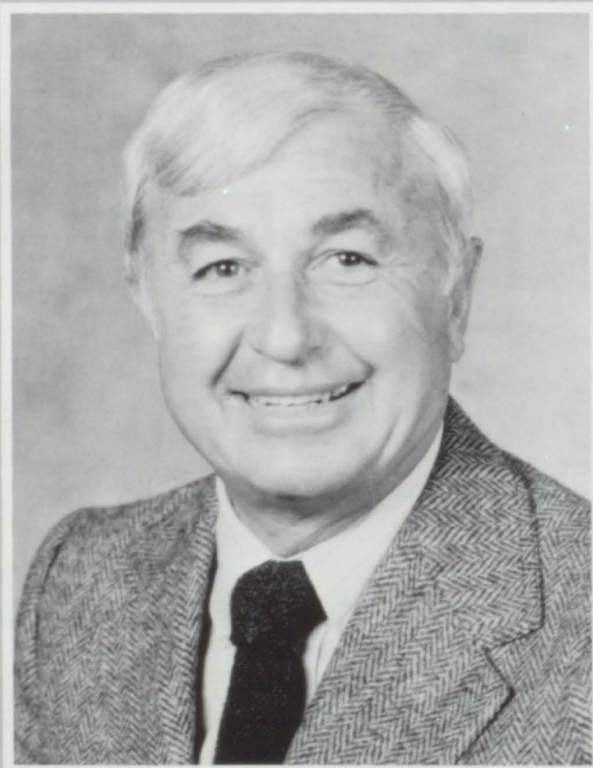

My best wishes for your continued success,

Time is the one non-retrievable component of human existence. When we are very young, time appears to be endless; it often appears to be an enemy rather than a friend.

As we grow older, the realization of just how precious it is becomes apparent to all. One must learn to use time wisely. To use it unwisely is to cheat one's self of life.

Department Chairmen

Art is endless and ongoing . . . The essence of Time. During the twenty-five years of Ramapo's history, the Art Department has grown in many ways from one art teacher in '56-'57 to three art teachers today. The student population has burgeoned from sixty students to the 292 that are presently enrolled in art. The program has also expanded and changed in order to meet the needs of our school population.

Michael Cauda
Industrial Arts

"Mathematics, rightly viewed, possesses a supreme beauty — a beauty cold and austere, like that of sculpture, without appeal to any of our weaker nature, without the gorgeous trappings of painting or music, yet sublimely pure, and capable of a stern perfection such as only the greatest art can show. The true spirit of delight, the exultation, the sense of being more than man, which is the touchstone of the highest excellence, is to be found in mathematics as surely as in poetry." Bertrand Russell.

*There is time for reading and time for analysis.
There is time for prewriting and time for writing.
There is time for rewriting and time for composing.
There is time for grammar and time for rhetoric.
There is time for vocabulary and time for diction.
There is time for listening and time for speaking.
There is time for trial and error and time for preciseness.
There is time for basic skills and time for college skills.
There is time for freedom and time for discipline.
There is time for the imaginative and time for the expository.
There is time for originality and time for research.

Guidance

The Social Studies Department of Ramapo High School has as its basic aim and purpose the preparation of individuals to live in today's dynamic society, yet one in which its citizens must hold to certain time-tested principles. Among these principles are those related to the democratic process and the rights and responsibilities of citizens in this process. The survival of our political system depends on informed and participating members, ever alert to the need to protect the rights of all, while respecting opinions that may differ from our own.

Thomas Jefferson may have said it best. When arguing for the necessity of education in a democracy, he remarked: "Whereas . . . experience has shown, that . . . those entrusted with power have, in time, and by slow operations, perverted it into tyranny; and it is believed that the most effectual means of preventing this, would be to illuminate, as far as practicable, the minds of the people at large . . ."

Benedict Mazza
English

Success in the future will depend upon the speed and economy with which one can adapt to change. It is no longer sufficient to understand the past. It is not even enough to understand the present, for the world as we now know it will soon vanish. We must learn to anticipate the direction and rate of change.

The Guidance Department attempts to provide the necessary information to help students anticipate the road ahead. Life's decisions are never complete; however, we hope that the goals of your life will act as guideposts, your skills a vehicle and your decision-making ability a rudder.

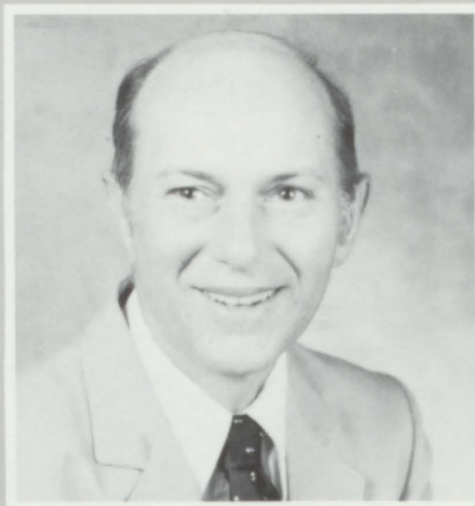

"CWAM"

Recognize this term? It stands for correct words a minute in typing, and seventy-two percent of you have chosen to learn how to operate a typewriter properly and efficiently.

Time plays an important part in both office and personal business education. In addition to typing or shorthand speed, it can also pertain to how long it takes to complete a letter, report, term paper, or program a computer using the standard keyboard. In accounting or economics, it can measure the length of a fiscal period as well as the time span of a bank reconciliation statement.

Achieving efficiency and encouraging initiative are very important goals of the business program. Electric typewriters, transcription machines, duplicating equipment, tele-trainers, cassette recorders, visual aids, simulation sets, and electronic calculators serve as basic tools to assist in reducing work time and gaining experience in related skills.

"Experience is by industry achieved and perfected by the swift course of time." (Shakespeare — *Two Gentlemen of Verona*)

Physical Education has taken on a different look in the past ten years. Our classes have gone from the boys in the upper gym and girls in the lower gym to a completely co-educational program. It has become a common sight for the girls and boys to travel through the halls to their gym activity. The health and physical education curriculum are preparing students for the future in carry over activities for recreation as well as a sound education in family living.

In a rapidly changing, increasingly technological world, scientific literacy must be a basic characteristic for an effective citizenry. Science education at Ramapo affords every student the opportunity to develop this basic characteristic.

A teacher who can arouse a feeling for one single good action, for one single good poem, accomplishes more than he who fills our memory with rows on rows of natural objects, classified with name and form.

SPORTS

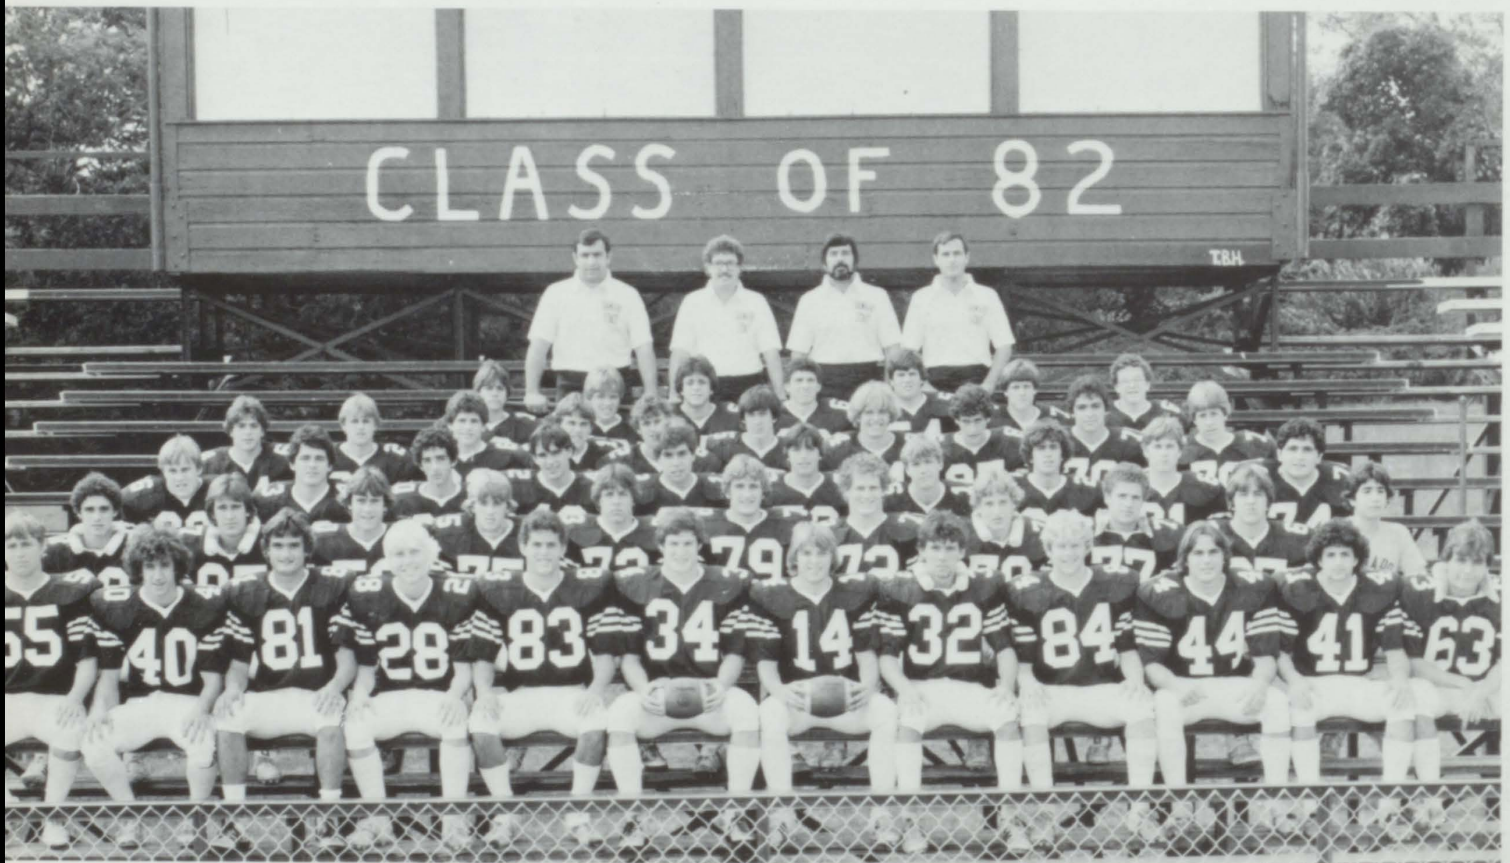

A Winning Tradition

The Mighty Green Machine brought pride and spirit back into Ramapo's football program. Emerging from the NBIL with a 7-2 record and second in the league, the Raiders fought with intelligence, pride, and hard work to establish their finest record since 1974.

The Raiders' success can be attributed to the fine offensive and defensive line ups. The Raiders' small, yet quick and strong offensive line, dominated by seniors Brad Bate, Jeff Burton, Tyler Frech, Tracy Konowitz, Scott Shaver, and Terry Sigler, allowed Ramapo's outstanding backfield personnel, consisting of Arnold Angelillo, Kurt Cieszko, Glenn Connor, and Bob Hartgers to break many of the previously held school records. Defensive stalwarts Dave Caiazzo, Bob Hartgers, Tracy Konowitz, Greg Lesko, and Tony Perkins effectively shut down the powerful offenses of the opponents.

Raider success can also be attributed to the superior plays and rigorous practices of Head Coach and Athletic Director Michael Miello. Lastly, the success of the football team not only achieved pride and spirit within the players but also throughout the entire school.

Members of the Varsity Football team are, left to right, first row: Tony Perkins; Ken Links; Greg Lesko; Bob Hartgers; Brad Bate; Glenn Connor, co-captain; Kurt Cieszko, co-captain; Arnold Angelillo; Tyler Frech; Scott Cooper; Dave Caiazzo; Scott Shaver; second row: Steve Marino; Matt Gindel; Terry Sigler; Jeff Burton; Gary Slama; Bob Zegel; Tracy Konowitz; Matt Middendorf; Keith Hanenian; John Kuiken; Larry Levine, manager; third row: Steve Kennedy; Gregg Shaver; Chris Bruno; Kevin Conyngham; Scott Nagelvoort; Tom Patterson; John Hobby; Marc Boggio; Mike Stapleton; George Kachajian; fourth row: Peter Sheffield; Scott Braen; Greg Schiano; Ron Lidel; John Van Calcar; Chris Gindel; Jeff Ballow; Keith Cummins; Jack Duhig; Chris Hall; fifth row: Chris Whelan; Jim O'Brien; Chris Cerrina; Craig Hanenian; Chris Siegfried; Doug Warner; Mark Daly; sixth row: Mike Miello, head coach; Mike Cauda, coach; Steve Turro, coach; and Howie Stier, coach.

Soccer Scores Seasonal Triumph

The Raiders' Soccer Team under the coaching of Chuck Swenson won the County Championship behind powerful offense, Greg Larson (21 goals, 12 assists) who was elected to first team on County and League, Jeff McKeon (13 goals, 9 assists) who was elected to second team all league, and Bob Colina (10 goals, 5 assists). The Raiders were also led by their forceful senior defense, Bob Hower (first team on County and League), Todd Van Vliet (second team League), John Neil (Honorable Mention League), and Jim Nunnery. Splitting games all season were second team County and first team League goalies Todd DiMartino and Mike Saalfrank who recorded 11 shutouts and posted a 0.78 goal against average. The Raiders finished a 17-3 season because of strong teamwork and the experience of 12 seniors, 10 of which were starters.

Bevin Murphy steals with style!

The Ramapo Girls' Varsity Soccer team of 1981 with a nucleus of talented sophomores and juniors coupled with strong leadership from senior halfbacks Maria Saiya and Debbie Bishop, and wing Ann Sanders romped to a record of 19-1-1, capturing the league and county championships along the way. So far superior were the skills of the Raiders that virtually all of the starting line-up received "all league" or "all county" honors. Even Coach Paul Heenahan received a coaching award for the superior job he did coaching the girls.

Cathy Neal swings with style!

Jane Cahill makes it all seem effortless with style and grace!

The Girls' Tennis team enjoyed a tremendously successful season which continued Ramapo's winning tradition. The team was sparked by nearly flawless playing on the part of the upperclassmen. Captain Carrie Soumas along with doubles partner Mary Higgins led the Raiders with a remarkable record of only one loss. Senior singles standouts Jane Cahill and Amy Sokoloff remained undefeated in league play; however, each sustained one loss in the State Tournament. Seniors Cathy Neal and Nancy Hlad combined to form yet another strong doubles team, which only lost two matches. Soumas and Higgins also combined to win the county tournaments and to be named "All-County". Although much talent is to be graduated in the spring, the future of the tennis team looks bright, with returning varsity standouts Sue Palminteri and Stephanie Tanki. The girls deserve much credit, but equal credit is due to their coach, Mrs. Sandra Bredfeldt, whose superior coaching earned her the title "Bergen County Tennis Coach of the Year."

A Learning Season

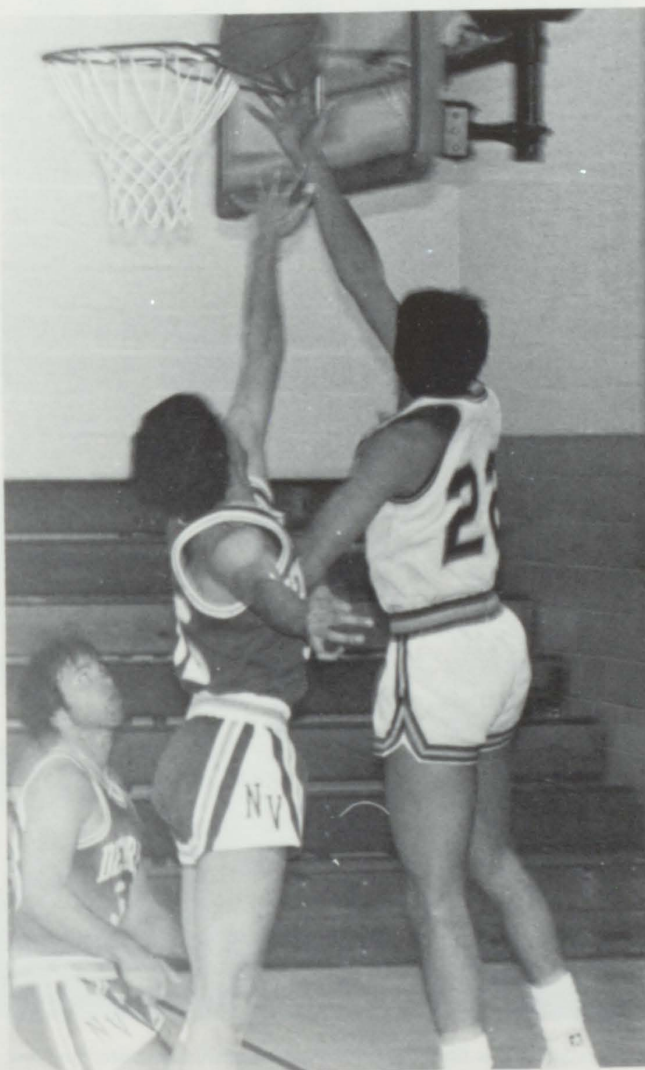

Kurt Cieszko outmaneuvers his River Dell opponent.

The success of Ramapo's Basketball Team this year cannot be fully grasped by glancing at their win-loss record. The 1981-1982 season was an off-year for the hoopsters. It is an off year only if one considers the number of victories they accumulated. The team was dominated by young, inexperienced, but talented underclassmen. This year was a time for growth, and the foundation for a championship caliber team has been laid. The growing and maturation of the youth was aided tremendously by the leadership and experience of Senior, Captain and high scorer Kurt Cieszko (guard); Forward Bob Zegel; and Center Ken Stockman. Underclass standouts Juniors Matt Gindel and John Hobby and Sophomores Mike Nassar and Rich Hurlbert should come completely into their own next year with their fine handskills, poise, and leadership. Their experience should put Ramapo back in the top of the league.

Bob Zegel displays his superior jumping ability.

Mike Nassar scores another two points.

Their Way To Victory

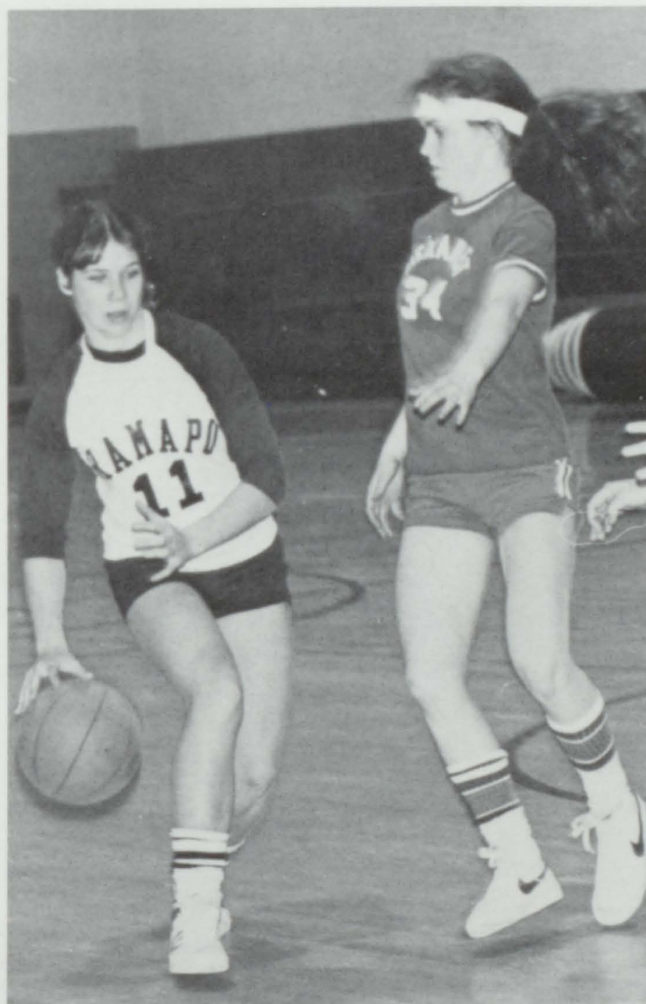

Nancy Dau perfects her style.

The talent of this year's Girls' Basketball Team is evident by their participation in the State Tournament. This young team is composed mainly of underclassmen having only one senior player, Nancy Dau. The remainder of the starting lineup consists of juniors Bevinn Murphy and Andrea Hasho, sophomore Sandy Gordon, and freshman Jenny Bloom. It is obvious from the experimental lineup that the bulk of the team's success lies in the skills of the talented underclassmen. Bevinn Murphy, Sandy Gordon, and Jenny Bloom are some examples of the excellent talent which the Raiders possess. The skill and talent of these young players is certain to lead to successful teams in Ramapo's future.

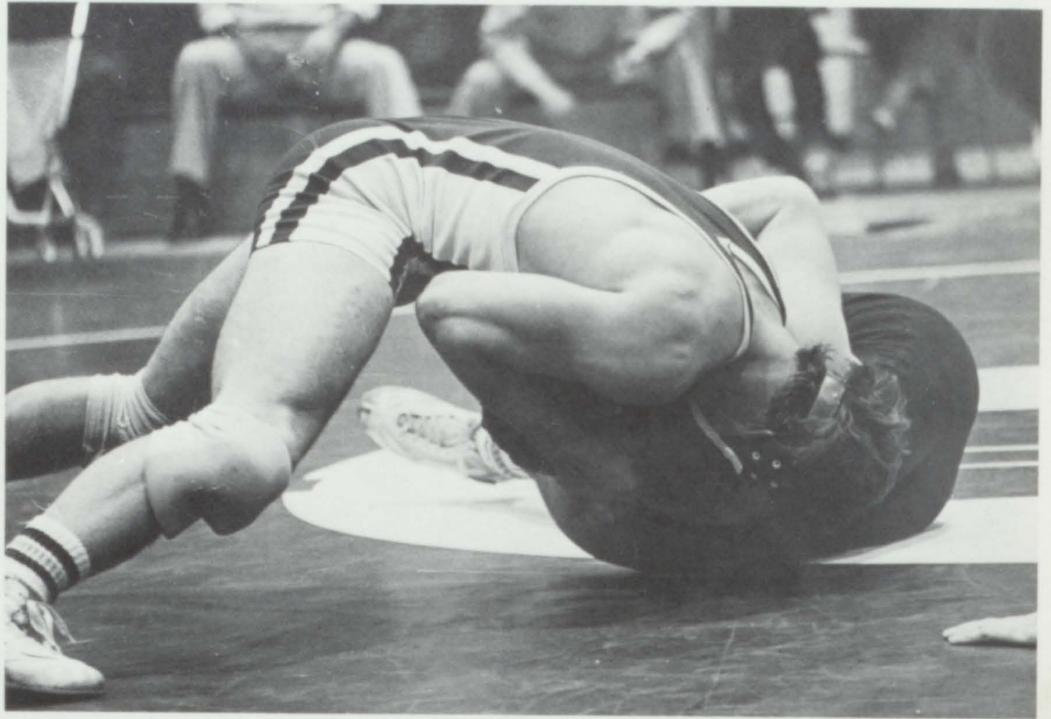

Andrea Hasho displays her superb ball handling ability.

Not Pictured are, Dave Goodwin, Ron Ressler, and Jack Duhig.

Progressive Season

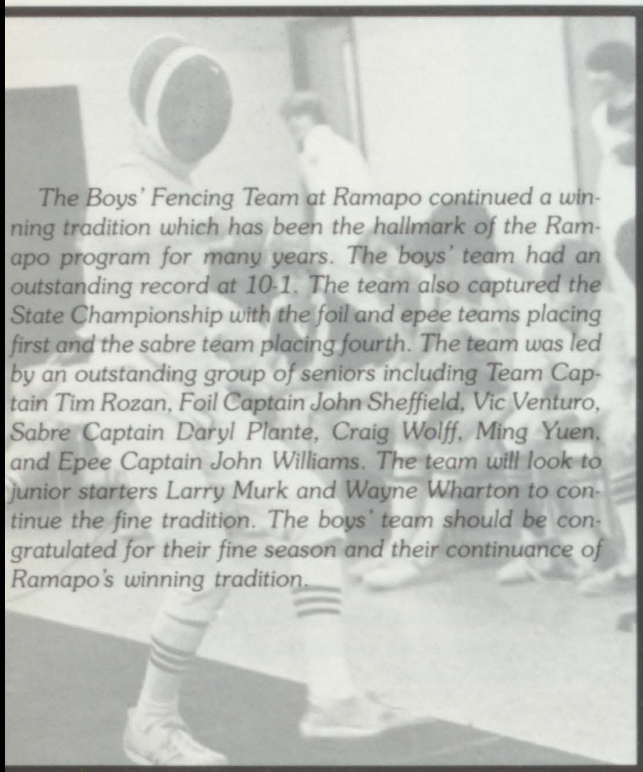

Heavyweight Jack Duhig consults with Coach Bennett before his match.

The Wrestling Team had a successful year in utilizing the growing talent of the young ambitious squad. Although the team was fairly inexperienced, they were very competitive in their league. The Raiders were led by district champion captain Lenny Renne and captain Tom Hayman who placed second in the district competition. Ramapo placed a close second in the district tournament with Adi Qira placing first and Eric Plarre and John Ciampo also capturing second place finishes. The team will have a bright future since they will only lose two grapplers to graduation. Furthermore, the overall success of the team can be attributed to the tremendous progress they made through Coach George Bennett's disciplined workouts and a season which resulted in five members qualifying for the Regional Tournament.

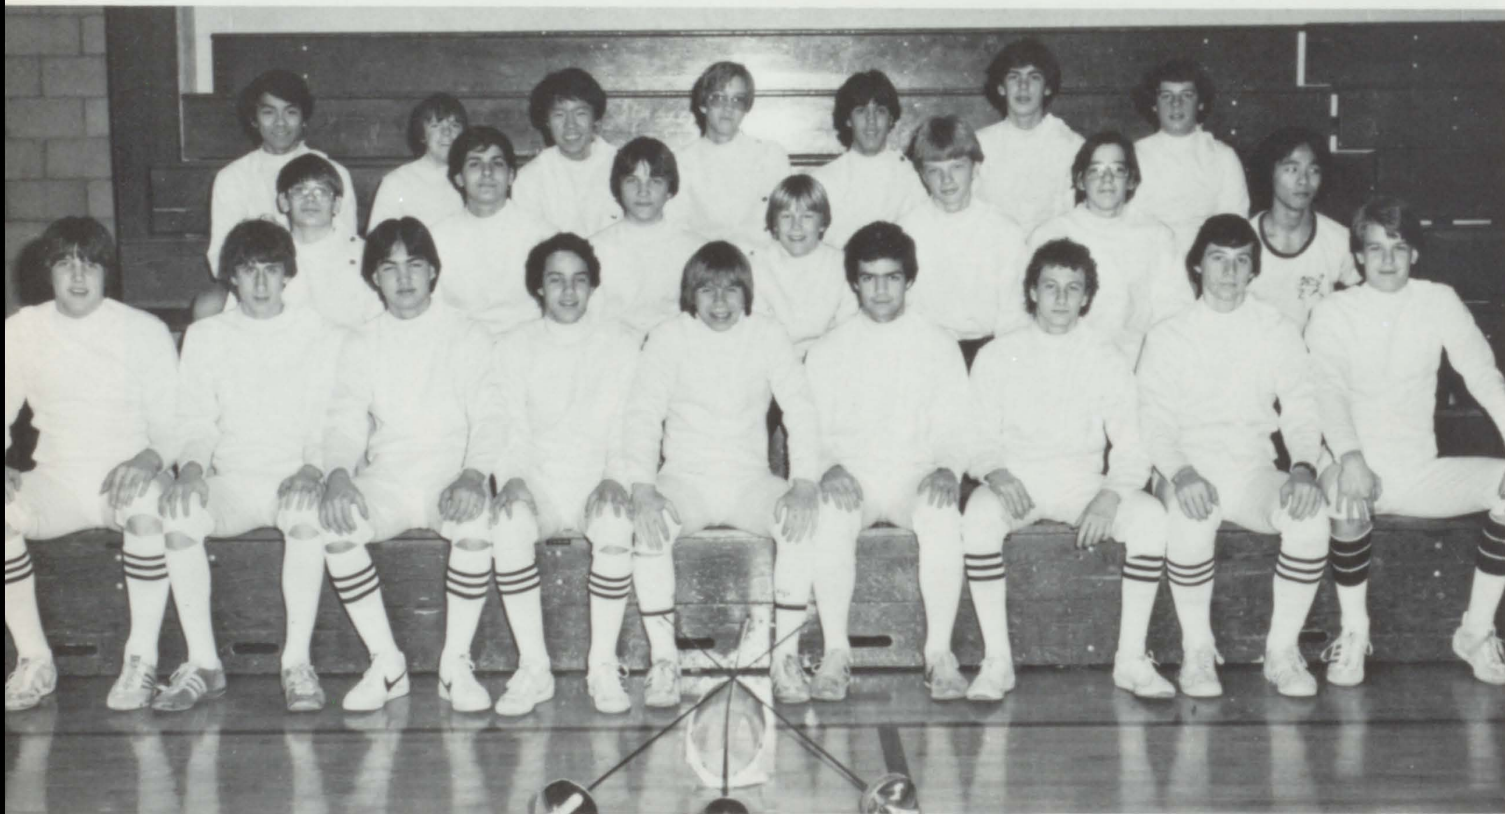

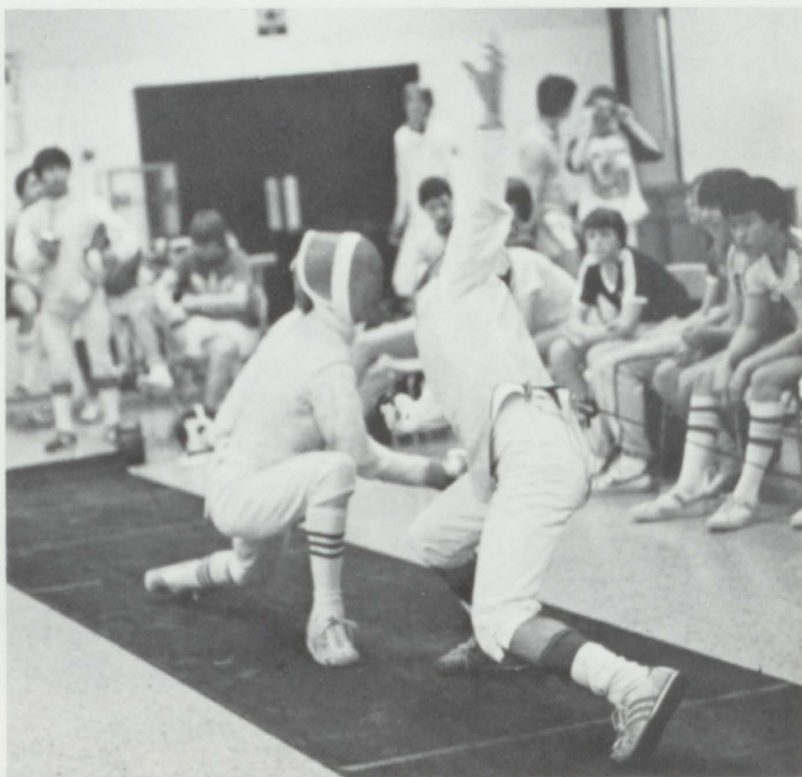

Members of the J.V. Wrestling Team are, left to right, first row, Kevin Cartatto, Paul Angelillo, Al Walden, Steve Amerio, Mike Stapleton, Mike Arnot, second row, Tom Patterson, Chris Gindel, Jim Minchin, Steve Lieser, Ron Ressler, Cliff Haas, Darren Spangler. Fencers Parry Their

The Boys' Fencing Team at Ramapo continued a winning tradition which has been the hallmark of the Ramapo program for many years. The boys' team had an outstanding record at 10-1. The team also captured the State Championship with the foil and epee teams placing first and the sabre team placing fourth. The team was led by an outstanding group of seniors including Team Captain Tim Rozan, Foil Captain John Sheffield, Vic Venturo, Sabre Captain Daryl Plante, Craig Wolff, Ming Yuen, and Epee Captain John Williams. The team will look to junior starters Larry Murk and Wayne Wharton to continue the fine tradition. The boys' team should be congratulated for their fine season and their continuance of Ramapo's winning tradition.

Way To Victory

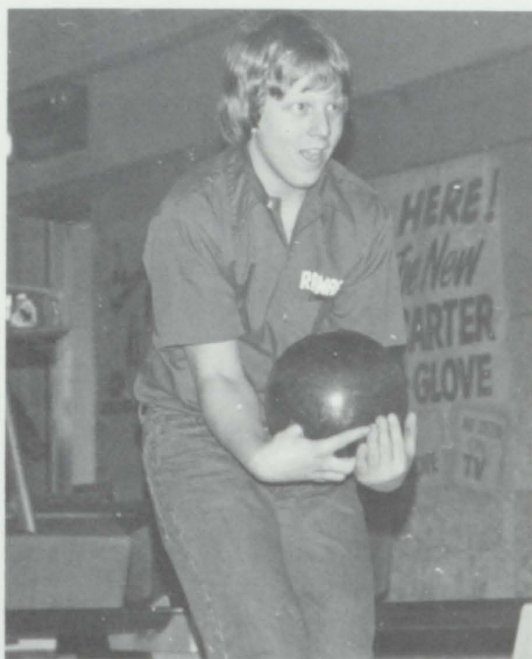

The Girls' Fencing Team continued with the fine tradition of fencing at Ramapo securing a 10-1 record. The girls' team was led by a group of experienced fencers including third year varsity standout Laura Brownstein who qualified for the National Junior Olympic Championship. Two-year starters Sandra Hunsch, Nicki Janis and Stephanie Ewing compiled impressive records at 11, 29-16, 29-16 respectively. First-year starter Wendy Thomas compiled a fine record at 28-16 as well as qualifying for the National Junior Olympic Championship. The girls' team should be congratulated for their winning season and preservation of Ramapo's winning tradition.

Ad Astra: A Time For

Editor-in-Chief Peter Bedevian.

Editor-in-Chief Eileen Bell.

To the AD ASTRA Editors and Staff,

It gives us great pleasure to present volume twenty-six of Ramapo High School's AD ASTRA. This year's theme, TIME, represents the essence of our four years at Ramapo and the most precious memories we possess. The time we have spent, whether it has been academic or social has a special place in our hearts and a significant effect on our future. These experiences from our adolescence will influence our future goals, aspirations, and hopes. It is these characteristics of our high school years that are preserved in the pages of a yearbook and represented in the meaning of AD ASTRA PER ASPERA, — To the stars through diligence.

The meaning of diligence is an integral part of the complexity of being part of the editors and the staff of AD ASTRA. The book would never have been completed without the hard work, perseverance, and dedication of our staff; they represent the most responsible and proud students of Ramapo who work not only for the perfection of a project such as a yearbook, but also for the personal learning experience this activity offers. Our memories of long meetings, frustrating decisions, and personal triumphs would be empty without the memories of those friends who have contributed their time and efforts to this cause.

A special thanks go to our literary advisor, Mrs. Lyn Emerson, and our business advisor, Miss Carol-Louise Pulis; without their concern and devotion to this project, such a quality literary record would not have been possible.

We would like to close our message with the hope that others will take the responsibility, through diligence, to dedicate their time and efforts to this journal of Ramapo life; it is a gratifying experience we will not soon forget.

Letter From The Editor

During our year as Editors-in-Chief, we have learned the values of leadership and responsibility. It has been an enjoyable as well as enriching experience to work closely with our fellow students. The different aspects of RAMPAGE such as editorials, layout, and the basic writing of stories have been shared throughout the year by all students and editors in journalism class in addition to others who wish to participate.

RAMPAGE is a combination of hard work, discipline, and creativity. In its six issues, we strive to cover all school news and activities as well as give students a chance to express their opinions.

We take this opportunity to thank our RAMPAGE staff who has faithfully written stories and helped in the tedious task of organizing the paper. Special thanks to Mrs. Washnik, our advisor, whose hard work, time, and inexhaustible patience has made this paper possible.

Each year we strive to improve the publication of RAMPAGE; this year we hope the students have enjoyed the news, editorials, feature stories, and sports stories that the paper has offered.

SERENDIPITY, Ramapo's only publication devoted to creative writing and artwork, is published every June. Throughout the year, two separate staffs, each with its own advisor and editors, judge the prose, poetry, and art submitted by students and select the best work for inclusion in the magazine. Near the end of the year, the staffs combine and lay out the pages of the book.

The 1981 issue of SERENDIPITY received a first-place award from the Columbia Press which evaluates student publications every year. In addition, the magazine received a special medalist's award given only to ten percent of the first-place winners.

The staffs are open to all interested students and anyone can submit work whether or not he is on a staff. SERENDIPITY provides a unique opportunity for aspiring artists and writers to practice criticism and see their work in print.

To the Students of Ramapo,

When I was asked to write this letter for the yearbook, my first thought was to express happiness for the terrific new people I have met as President. There was also a touch of sadness for the people I did not meet. Sincere thanks goes to the faculty for their support. I will miss the close friendships developed with many faculty members.

Student Council has made strides this year in achieving school unity both scholastically and socially. This is the greatest goal a council could ever hope to reach. I will to future councils the same goal and the same good intentions.

Ramapo is a mixture of many different kinds of interesting people. Each has something to contribute to the student body. We spend four years of our lives in high school. This is a time to learn and grow with friends and work each day at promoting friendliness and compassion at Ramapo.

This may not sound like a letter from the Student Council President but the idea of working together to experience success, failure and all the in-betweens is indeed the sole purpose for such an organization.

To the graduating class of 1982, I wish luck and success but above all — happiness. To the remainder of the student body I wish the same and more. You still have years left here. I wish you the ability to say as a senior — “I leave Ramapo with pride, satisfaction and good memories, but most of all I look to the future with new insight and new confidence.”

CLASS of 1982

To the Members of the Class of 1982,

We hope that most of your experiences at Ramapo have been pleasant. When you think of Ramapo, we hope these experiences will bring back fond memories. We have enjoyed working with you and helping you make the Class of 1982 one of Ramapo's best. At this time, both of us would like to extend our congratulations in achieving this milestone in your life, and we would like to wish every member of the Class of 1982 good health and the best of luck in all of your future endeavors.

AFS: A Time for

Members of the American Field Service are, seated, left to right, Cheryl Steinglass, Chris Collins, Mustafa Saticia, Betsy Eyler, Mary Troast, Darcy LeRoy, Laura Manley, Nan Lewiky, Luciana Souza, Anne Christensen, Vicki Trattoni, Suzanne Byrnes. second row, Kathy Wollitz, Cindy Steinberg, Sue Budz, Lisa Zimmerman, Michael Lavery, Kai Ofengand, Karen Kostick, Susanna Cassell, Ellen Wood, Lori Steinberg, Sue Boulton, Suzanne Walsh. third row, Kathy Connor, Stacey Hollenbeck, Gerald McCullouch, Christine Chagares, Ellen Nappa, Lisa Santillo, Diane Forese, James DeMauro, John Alter, Kristen Soumas, Advisor Lois Chapman, fourth row, Tim Taylor, Annarose Leonard, Lauren Barba, Arnold Angellilo, Steve Chagares, Athan Maroulis, Michelle Hughes and Beth Wood.

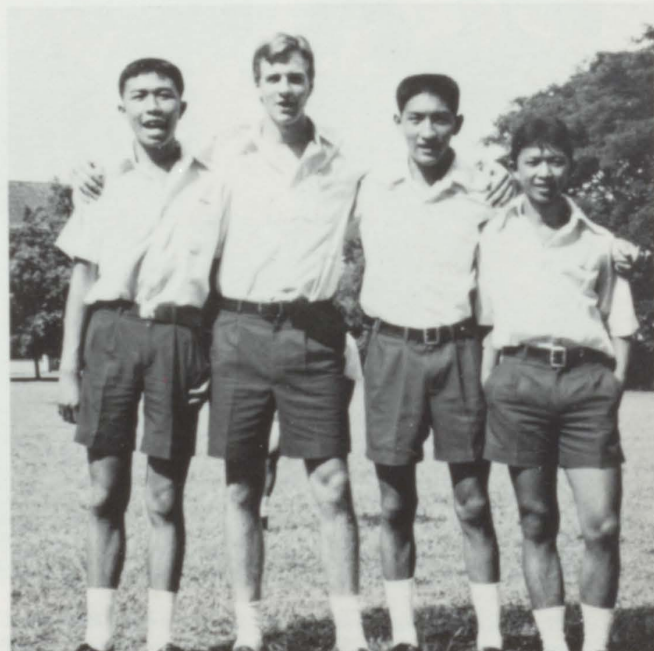

The American Field Service has been a very active organization at Ramapo and its main purpose is to host students who wish to come to America and send American students within the United States abroad. The organization also concentrates on meeting students from other schools and backgrounds to introduce Ramapo students to different types of people and environments.

This year the AFS was able to send several students both domestically and abroad. Nan Lewicky left for Bolivia in late January as did Laura Manley who left for Iraq. Laura Perry, a sophomore, went to Oregon for six months and should be returning in June 1982. Jim Doughan, a junior, went to Africa for the year. These students who were chosen for the year program should return in January of 1983. In addition to these students, there is Dave Socolof who will return in March from a year long stay in Thailand.

The AFS is able to raise money through various fundraisers such as the volleyball marathon in the fall, a fashion show, and a hoagie sale in the spring. In addition to this the AFS also raises money by their grapefruit and orange sale.

A favorite activity of the students who do not get to participate in a year or six-month exchange is the short term exchange program. In this program twenty students spend five days in another neighboring state and live with a family there. These out-of-state students are then brought back to Ramapo for five days where they are able to experience New York City and enjoy other activities.

With the support the AFS has been getting, it has become evident that the club will continue into the present to experience and learn about different cultures and lifestyles.
